Subject: Letter of recommendation

I would to thank Dan Vitello of IRS Help of West Seneca, NY for all the work they did in consolidating my debt to the Federal IRS and New York State taxes.

I was in debt in the amount of \$20,000.00. I contacted IRS Help and within a year my debt was reduced to \$1000.00. With the direction of Dan I sent him the information needed via email or mail to clear this debt. They worked with me to set up payments monthly throughout the year period to pay everything off. As of December 2019 I am debt free.

I would highly recommend IRS Help for your tax issues. They are not only very professional but also do their best to help their customers personally.

Thank you again for all your help.

Hi Dan I just wanted to let you know how much I appreciated your help with my tax problem, I can't believe its all done with when I first tried to get it taken care with the I.R.S they gave me the run around told me that they would not levy my check and help work out payments plan but when I got my next check they were taking money out of it and I when to a lawyer that told me he couldn't do anything with my case ,another one said I needed 1,500.00 up front after going over all of my finances which was nothing with the i.r.s taking half my check every two weeks ,so by the time I contacted you I was kind of down on the whole thing which is why I didn't call you back after our first phone conversation but when you followed with a call and told me that with what I had told you that you could help and set up a payment well lets just say I'm glad I listen to you because they had been taking money out of my check for almost a year and on top of that they put a lien on my social security number ,now I don't owe anything they took the lien off and when you first contacted them as my lawyer they took the levy off so Thanks Thanks and Thanks Ike

Dear Dan,

I just wanted to thank you for all your work in resolving my IRS and State of New York tax liabilities. **Due to your efforts you were able to negotiate my IRS debt from \$76,000 to \$1,000** through the Offer in Compromise Program. You also established an Installment Agreement with New York State and I intend to have this liability paid off before the end of this year.

I look forward to being able to live without the constant fear of the IRS and New York State Taxing Authorities threatening to garnish my paycheck and bank accounts. I also look forward to rebuilding my credit with the removal of the IRS Federal Tax Liens from my credit reports.

Again, I just wanted to say how grateful I am for your help and would recommend your firm to anyone I may come across with a similar tax situation.

Thank you so very much,

Mitchell K.
