

Hi, Patrick.....

I want to go on record as a grateful beneficiary of your Company's valuable Service to me and my Law Practice relative to the Federal Government's EMPLOYEE RETENTION CREDIT program. You and your knowledgeable staff clearly and completely explained the ERC program and process to me, as I was not previously aware that it even existed, much less that it could help me. You completed my filing in a very swift, easy and efficient manner, the result of which was my early receipt of a very healthy cash refund. I have absolutely no hesitation or reservation in highly recommending Pat McKee and your team at IRS HELP, INC. to any Individual or Business that has not yet considered or applied for the ERC Program/Benefits.

Sincerely, Thomas E. Krug

"I was mostly unaware of the Employee Retention Credits that were being offered to businesses that may have suffered financially during the pandemic. Patrick McKee and his support group at IRS help were the first to introduce me to this opportunity and I simply can't thank them enough. They made the process seamless and easy. Their communication was incredible as they instructed me on not only what was needed to qualify but what to expect once the application process was completed. The reimbursements received were exactly what they told me they would be and made a huge difference to the company and its employees. I simply can't thank them enough and encourage anyone that has yet to work with them on these credits to reach out to them"

I received a letter and a follow up phone call from Patrick McKee about the ERC. I may have been a little reluctant. After doing a little research on Patrick, I was told "he's one of the nicest guys you can ever meet." I had a few discussions with him and followed up with minimal paper work. A very simple process. Patrick and IRSHELP delivered and I got a refund. I have referred other business owners to him. I am very appreciative of their service!
